Travel Agents: Taiwan Food Tour — Cards (A3)

Home print-and-play — A3

Print at 100% / Actual Size — do NOT "Fit to page" / "Shrink to fit".

In the print dialog set Scale = 100% (or "Actual size"). Then measure the two bars below with a ruler before cutting — the 50 mm bar must read exactly 50 mm and the 2-inch bar exactly 2 inches. If they are short, your printer shrank the page — turn scaling off and reprint.

50 mm — must measure exactly 50 mm

s (50.8 mm) — must measure exactly 2

In this file

All play cards, in real deck quantities: 24 Vendors, 45 Bookings, 62 Ingredients (16 faces × copies), 54 Events (the V7-M pool — day + night; setup deals a per-count subset per region). 191 cards, 16 per sheet (4×4) at true 63.5×88.9 mm. 12 print sheets follow this cover (13 pages total).

Cut & mount

- Print onto (or glue onto) ~200–300 gsm cardstock; a glue stick or spray mount onto cereal-box card works for a first prototype.
- Cut along the shared grid lines — abutting cards share one cut, so a guillotine or a steel ruler + craft knife goes fastest. The coloured corner ticks mark the outer trim of each sheet.
- Round the corners if you like, and sleeve them (63.5×88.9 mm = standard poker / "premium" sleeves) so they shuffle.

Colour is preferred, but this is fully B&W-playable. Every region and ingredient is dual-coded with a distinct shape / emblem (and a text + 繁體 label), not colour alone — so greyscale prints stay unambiguous.
Note: the character boards currently show the art placeholder; final mock-up art drops in later and re-tiles automatically.

The Big Typhoon

SOUTH
BLOCK
THIS REGION 全區
TURN

A serious storm shuts the street. Until the start of each affected player's next turn, no market draws in South — but everyone here is home doom-scrolling food pics, so each agent standing in South also grows 1 follower (supply to board).

YOU 自己
TURN

Out here the bars drop to nothing. Your NEXT Travel grows no follower (you still move — you just cannot post from the road).

TURN

The mountain pass is closed for clearing. One ring link to a NEIGHBOURING region is severed until the start of the affected player's next turn (the HSR is unaffected).

WASH
THIS REGION 全區

A stall changes hands overnight and the new owner rewrites the board. Discard the face-up vendor here and refill it from this region's deck (a fresh face for the same corner).

You sprint and just make the last bullet train south. Make a free HSR move now (North to South, or South to North).

Back On the Itinerary

CENTRAL
CLEAR
YOU 自己

Back on the itinerary — a cancelled tour reopens. Shed ONE of your OWN Cancelled 取消 tours: remove its cancellation penalty (the card goes to the box, not the Completed pile). A rare self-relief; fizzles if you hold no Cancelled tour.

Someone Has to Run It

SOUTH
SALVAGE
THE LOWEST RIVAL

Someone has to run it. Take 1 Cancelled 取消 tour from the lowest-scoring rival into YOUR Completed pile at HALF value (round the tour's value down) — and that rival sheds its cancellation penalty. A bounded catch-up double-boon; the standings pick the rival, not you (no kingmaking). Fizzles if no rival holds a Cancelled tour.
