Travel Agents: Taiwan Food Tour — Cards (A3)

Home print-and-play — A3

Print at 100% / Actual Size — do NOT "Fit to page" / "Shrink to fit".

In the print dialog set Scale = 100% (or "Actual size"). Then measure the two bars below with a ruler before cutting — the 50 mm bar must read exactly 50 mm and the 2-inch bar exactly 2 inches. If they are short, your printer shrank the page — turn scaling off and reprint.

50 mm — must measure exactly 50 mm

s (50.8 mm) — must measure exactly 2

In this file

All play cards, in real deck quantities: 24 Vendors, 45 Bookings, 62 Ingredients (16 faces × copies), 54 Events (the V7-M pool — day + night; setup deals a per-count subset per region).
191 cards, 16 per sheet (4×4) at true 63.5×88.9 mm. 12 print sheets follow this cover (13 pages total).

Cut & mount

- Print onto (or glue onto) ~200–300 gsm cardstock; a glue stick or spray mount onto cereal-box card works for a first prototype.
- Cut along the shared grid lines — abutting cards share one cut, so a guillotine or a steel ruler + craft knife goes fastest. The coloured corner ticks mark the outer trim of each sheet.
- Round the corners if you like, and sleeve them (63.5×88.9 mm = standard poker / "premium" sleeves) so they shuffle.

Colour is preferred, but this is fully B&W-playable. Every region and ingredient is dual-coded with a distinct shape / emblem (and a text + 繁體 label), not colour alone — so greyscale prints stay unambiguous.
Note: the character boards currently show the art placeholder; final mock-up art drops in later and re-tiles automatically.

Typhoon Day

SOUTH
PINCH
THIS REGION 全區

颱風假! The best kind of day off — the coast road's shut, nobody's going anywhere, and all of South is stuck grinning at the rain. Everyone standing in South keeps 1 FEWER ingredient from this Market Run (you lose nothing you already hold — you just stayed in).

日 DAY 早

日 DAY 早

Scooter Gridlock

NORTH

The jam backs into the next town. An agent in a NEIGHBOURING region takes their next Travel with NO ingredient (tempo tax, not a lost turn).

日 DAY 早

Plum Rains

CENTRAL
SPOIL
THIS REGION 全區

梅雨 — six weeks of grey drizzle and everything's gone damp. Every agent standing in Central lets 1 held 茶 Tea or 糖 Sugar go off (to the region discard) — the leaves and the sugar drank the rain. No Tea or Sugar in hand? The damp finds nothing.

日 DAY 早

The Long Queue

SOUTH
PINCH
YOU 自己

Forty deep and growing — and a queue this long is its own billboard. Keep 1 FEWER ingredient from this draw (you waited), AND grow 1 follower (supply → your board) — everyone wants to know what's worth the wait.

日 DAY 早

THIS REGION 全區

The lunch rush packs every stall and total strangers are squeezing onto your table — 併桌! Each agent standing in Central places up to 1 follower from their board onto the co-located face-up vendor here (a free half-Promote; the crowd's already at the table).

日 DAY 早

The after-dinner jam spills over. An agent in a NEIGHBOURING region takes their next Travel with NO ingredient (tempo tax, not a lost turn).

Sudden Squall

A 西北雨 — the sky opens for ten furious minutes and the downpour drifts one town over. An agent in a NEIGHBOURING region keeps 1 FEWER ingredient from their next Market Run.

Last-Bus Rush

The last bus is boarding and so is half the night market — you grab and run. Keep 1 FEWER ingredient from this draw (no time to be choosy).

The whole street's celebrating. Everyone standing in Central places up to 2 followers from their board onto a co-located face-up vendor (a stall you stand with).

Gone Viral

NORTH
TREND
THIS REGION 全區

A reel just cleared a million views. Drop a Trending marker on the face-up night vendor here (the cheapest, if more than one) — whoever WINS that stall grows 1 follower (supply → board), because going viral swells the crowd. (Trending is the DYNAMIC hype marker — distinct from the printed ★ apex.)

A one-star review makes the rounds — the crowd ebbs and its allegiance drifts to a rival's stall. Return 1 of your followers to your OWN supply (your crowd disperses — it does NOT join the rival).

Back On the Itinerary

CENTRAL
CLEAR

SOUTH
SALVAGE
THE LOWEST RIVAL

Someone has to run it. Take 1 Cancelled 取消 tour from the lowest-scoring rival into YOUR Completed pile at HALF value (round the tour's value down) — and that rival sheds its cancellation penalty. A bounded catch-up double-boon; the standings pick the rival, not you (no kingmaking). Fizzles if no rival holds a Cancelled tour.
